To the Under Treasurer
South Australian Government Financing Authority

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987* and section 25(2) of the *Government Financing Authority Act 1982*, I have audited the financial report of the South Australian Government Financing Authority for the financial year ended 30 June 2018.

Opinion

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the South Australian Government Financing Authority as at 30 June 2018, its financial performance and its cash flows for the year then ended in accordance with the Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

The financial report comprises:
- a Statement of Financial Position as at 30 June 2018
- a Statement of Comprehensive Income for the year ended 30 June 2018
- a Statement of Changes in Equity for the year ended 30 June 2018
- a Statement of Cash Flows for the year ended 30 June 2018
- notes, comprising significant accounting policies and other explanatory information
- a Certificate from the Under Treasurer, the General Manager (SAFA) and the Director Finance (SAFA).

Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the South Australian Government Financing Authority. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 Code of Ethics for Professional Accountants have been met.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Under Treasurer for the financial report

The Under Treasurer is responsible for the preparation of the financial report that gives a true and fair view in accordance with the Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Under Treasurer is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the entity is to be liquidated or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Under Treasurer

- conclude on the appropriateness of the entity's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern

- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the General Manager about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

Andrew Richardson
Auditor-General

The above statement should be read in conjunction with the accompanying Notes to the Financial Statements.

Notes to the Financial Statements
for the year ended 30 June 2018

Note 1 Objectives

The South Australian Government Financing Authority (SAFA) is a statutory authority of the Government of South Australia ('SA Government') constituted as the Under Treasurer under the *Government Financing Authority Act 1982*. SAFA's registered address is Level 5, State Administration Centre, 200 Victoria Square, Adelaide, South Australia 5000.

SAFA's business objectives are to:

- achieve and maintain certainty of funding for South Australia in the most cost-effective manner and on-lend such funding to public sector entities;
- ensure the efficient and effective delivery of a comprehensive range of funding, asset and liability management, and financial risk management advisory services that meet the needs of clients;
- provide comprehensive insurance protection for SA Government portfolio groups, agencies and all statutory authorities (except those specifically exempted by the Treasurer) at competitive and stable premiums;
- protect the State's finances from a very large property loss or civil liability claim, or a series of large losses or claims in a particular year;
- provide reinsurance to the private insurance market for South Australian building indemnity insurance risks;
- manage SAFA's assets and liabilities and operational infrastructure and risks in a prudent manner to ensure SAFA's ongoing performance capability and financial viability; and
- provide fleet services to public sector entities including policy advice, vehicle leasing, maintenance, accident and fuel management, vehicle fit out and disposal preparation.

Note 2 Significant Accounting Policies

(a) Statement of Compliance

The Financial Statements have been prepared in compliance with section 23 of the *Public Finance and Audit Act 1987*.

The Financial Statements are general purpose financial statements which comply with relevant Australian Accounting Standards, as issued by the Australian Accounting Standards Board. The Financial Statements also comply with the requirements of the Treasurer's Instructions and Accounting Policy Statements relating to financial statements by statutory authorities that are issued pursuant to the *Public Finance and Audit Act 1987*.

SAFA has applied Australian Accounting Standards that are applicable to for-profit entities, as it is a for-profit entity for financial reporting purposes.

Australian Accounting Standards that have recently been issued or amended but are not yet effective, which have not been adopted by SAFA for the reporting period ending 30 June 2018, are detailed in Note 2(x).

(b) Basis of Preparation

These Financial Statements have been prepared in accordance with accounting policy statements issued pursuant to section 41 of the *Public Finance and Audit Act 1987*, by authority of Treasurer's Instruction 19 *Financial Reporting*. In the interest of public accountability and transparency the accounting policy statements require the following note disclosures, which have been included in these Financial Statements:

i) revenues, expenses, financial assets and liabilities where the counterparty/transaction is with an entity within the SA Government as at the reporting date, are classified according to their nature (a threshold of $100,000 for separate identification of these items applies); and

ii) expenses incurred as a result of engaging consultants (as reported in the Statement of Comprehensive Income).

The Financial Statements have been prepared on the basis of fair value measurement of assets and liabilities except where otherwise indicated and presented on a liquidity basis.

The Financial Statements have been prepared based on a 12 month period and the presentation currency is Australian dollars. All values are rounded to the nearest million unless otherwise stated. Zero represents amounts less than fifty thousand dollars, whilst a dash represents a nil balance.

Note 2 Significant Accounting Policies (continued)

(c) Reporting Entity

The financial report covers SAFA as an individual reporting entity. As SAFA does not have any controlled entities there are no consolidated financial statements.

(d) Significant Accounting Judgements, Estimates and Assumptions

The preparation of the Financial Statements to conform with Australian Accounting Standards requires the use of critical accounting estimates. It also requires Management to exercise its judgement in the process of applying SAFA's accounting policies. Management has made the following judgements which have the most significant effect on the amounts recognised in the Financial Statements:

(i) Measurement of Outstanding Claims

Outstanding insurance claims liabilities are calculated using statistical and/or mathematical methods. The calculations are made by an actuary on the basis of recognised actuarial methods, with due regard to relevant actuarial principles (refer Note 30).

(ii) Measurement of Fair Value

When measuring fair values of financial assets and liabilities, SAFA maximises the use of relevant market-based data. The fair values of financial assets and liabilities that are traded in active markets are determined with reference to quoted market prices or quotations. For financial assets and liabilities where market-based data are not readily available (or transparent) SAFA determines fair values using standard valuation techniques incorporating discounted cash flows on appropriate yield curves of similar traded securities, taking into account their risk characteristics.

(e) Income and Expense Recognition

SAFA recognises income and expenses when the amounts can be reliably measured, it is probable that the future economic benefits will flow to or from SAFA and when specific recognition criteria have been met for each of the activities described below.

(i) Interest

Interest revenue and expense is accrued in accordance with the terms and conditions of the underlying financial instrument. Premiums and discounts are amortised over the life of the associated investments and borrowings.

Net realised gains or losses and unrealised gains or losses are included in the Statement of Comprehensive Income (refer Note 18).

(ii) Insurance Premium Revenue

Premium revenue includes amounts charged to policy holders but excludes stamp duty and Goods and Services Tax. Premium revenue is recognised in the Statement of Comprehensive Income as earned from the date of attachment of risk and is recognised evenly over the policy or indemnity period, which is considered to closely approximate the pattern of risks underwritten.

All South Australian Government agencies are required to insure with SAFA unless exempted by the Treasurer. In those circumstances where SAFA considers it more appropriate for some of the risks of a government agency to be placed with other insurers, SAFA will arrange for such insurance and will recover the insurance premium from the agency concerned. For the purposes of the Financial Statements, these arrangements are referred to as Direct Insurance Placements.

The *Building Work Contractors Act 1995 (SA)* and Regulations is compulsory in South Australia and requires builders to hold building indemnity insurance (BII) to protect home owners against losses arising from the insolvency, death or disappearance of their builder up to a maximum sum insured of $150,000 per building project or such other amount prescribed under the *Building Work Contractors Act 1995 (SA)*. From 1 July 2013 SAFA began offering BII cover to builders in South Australia. The premium for BII provides insurance cover for periods of up to five years, commencing from the date of the insurance contract.

Note 2 Significant Accounting Policies (continued)

(e) Income and Expense Recognition (continued)

(iii) Leasing and Hire Revenue

SAFA leases motor vehicles to South Australian Government agencies for a standard lease period of three years or 60,000 kilometres, whichever occurs first. By arrangement, some vehicle leases can be extended to five years or 100,000 kilometres, due to the nature of the lessee's business requirements. The lease to agencies covers registration, compulsory third party and property damage insurance, property insurance, scheduled servicing, depreciation, interest costs and a management fee. Leasing and Hire revenue is recognised on a straight line basis over the term of the lease. The property insurance component of the lease is recognised under Insurance Premium in the Statement of Comprehensive Income (refer Note 17).

(iv) Revenue Recoveries

Vehicle recoveries include fuel and any unscheduled maintenance of the vehicle over the period of the lease. Any excessive wear and tear costs are recovered from agencies at the end of the lease. Other vehicle recoveries include parking costs, miscellaneous charges and commission on disposal of vehicles.

Insurance recoveries comprise any recoveries from third parties. Recoveries receivable on paid claims, reported claims not yet paid, claims incurred but not reported and unexpired risk liabilities are recognised as revenue.

(v) Other Revenue

Fee revenue in respect of services provided is recognised in the period in which the service is provided.

(vi) Insurance Claims Expense

Insurance claims expense includes the direct and indirect costs of settling claims, claim payments, deductible receipts and movements in underlying claim estimates.

(vii) Motor Vehicle Expenses

Direct costs associated with the ownership of the motor vehicle fleet including registration, compulsory third party insurance, all maintenance and repair costs, fuel and disposal costs.

(viii) Outwards Reinsurance

Premiums ceded to reinsurers are recognised as an expense in accordance with the pattern of reinsurance services received. Accordingly, a portion of the outwards reinsurance premiums may be treated at the end of the reporting period as a prepayment. This program includes the catastrophe reinsurance program which has been effected to safeguard the State's finances against very large losses or claims, or a series of large losses or claims in any year under the Government's insurance and risk management arrangements.

(ix) Indemnity from/(to) the Treasurer

Insurance activities are segregated into three Funds. The Treasurer has indemnified SAFA for any operating profit or loss before tax for any activities relating to Fund 2 and Fund 3 (refer Note 21(c)). Under these arrangements any profit/loss on these Funds are recognised as payables to/receivables from the Treasurer. Any payables to the Treasurer are carried forward to offset future operating losses.

(x) Operating Lease Expense

Operating lease payments (less any lease incentives) are recognised on a straight-line basis over the lease term, unless another systematic basis is more representative of the time pattern of benefits derived from the use of the leased assets.

Note 2 Significant Accounting Policies (continued)

(f) Cash and Short Term Assets

Cash and short term assets in the Statement of Financial Position include Cash, Deposits with Treasurer, Short Term Money Market Deposits, Secured Cash Lending, Overdraft Facilities and Negotiable Certificates of Deposit that are held for liquidity and short term investment purposes (refer Note 4).

For the purposes of the Statement of Cash Flows, cash consist of Cash, Deposits with Treasurer and Collateral Deposits from Financial Institutions, Securities Secured Cash Lending and Short Term Money Market Deposits as defined above, but exclude Negotiable Certificates of Deposit and the Overdraft Facility where the securities are for investment purposes and not for the purpose of meeting short term cash commitments.

(g) Assets Held for Sale

Assets are classified as held for sale, and stated at the lower of their carrying amount or fair value less costs to sell, if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset's sale is expected to be completed within one year from the date of classification (refer Note 5).

(h) Financial Instruments

Financial assets and liabilities designated at fair value through profit or loss

All financial assets and liabilities, on recognition, are designated at fair value through profit or loss. This designation is determined on the basis that SAFA manages and evaluates the performance of its financial assets and liabilities on a fair value basis in accordance with documented risk management strategies.

Financial assets and liabilities (including derivatives) are recorded at fair value in the Statement of Financial Position. All financial assets and liabilities are revalued to reflect market movements with gains or losses, whether realised or unrealised, being recognised immediately in the Statement of Comprehensive Income (refer Note 18). Financial assets and liabilities are revalued regularly either at their quoted market price, or their cash flows are discounted against the relevant yield curve.

(i) Investments

Investments are assets which are purchased as part of SAFA's liquidity and interest rate risk management and may be sold prior to maturity in response to various factors including changes in interest rates and funding requirements of the South Australian public sector. Additionally, SAFA may hold investments it has purchased at the direction of the South Australian Government and/or as may be determined by the Treasurer to be in the interests of the State of South Australia (refer Note 6).

(ii) Loans

Loans are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market (refer Note 7).

(iii) Deposits and Short Term Borrowings

Deposits and Short Term Borrowings include At Call Deposits, Collateral Deposits from Financial Institutions and Term Deposits. SAFA also raises short term funds through the issue of Commercial Paper both in the domestic and overseas markets (refer Note 12).

(iv) Repurchase Agreements

Securities sold under an agreement to repurchase remain as an investment whilst the obligation to repurchase is recorded as a liability in Deposits and Short Term Borrowings (refer Note 12). At 30 June 2018 SAFA held no securities sold under an agreement to repurchase.

Securities purchased under an agreement to resell are not recognised as financial assets as SAFA is not substantially exposed to the risks and rewards of the securities. The repurchase agreement is recognised as a financial assets Secured Cash Lending (refer Note 4) as the obligation to resell remains.

(v) Bonds, Notes and Debentures

Funds are raised through various instruments including bonds, notes and debentures. All borrowings are raised on an unsecured basis (refer Note 13).

Note 2 Significant Accounting Policies (continued)

(h) Financial Instruments (continued)

(vi) Derivative Instruments

SAFA utilises derivative instruments (including futures, foreign exchange contracts, forward rate arrangements, foreign exchange swaps and interest rate swaps) in fundraising, debt management and client activities. Derivative instruments are used to convert funding costs, facilitate diversification of funding sources, reconfigure interest rate risk profiles and manage foreign currency exposures. Interest receipts and interest payments are accrued on a gross basis and classified as interest revenue and interest expense in the Statement of Comprehensive Income (refer Notes 10 and 15).

(i) Assets Backing General Insurance Liabilities

Assets which back SAFA's insurance liabilities are those generated through premium revenue. These assets are invested to reflect the nature of the policy liabilities, and are comprised of operating cash, cash held on deposit and units invested with Funds SA (refer Notes 4 and 6). In accordance with AASB 1023 *General Insurance Contracts,* SAFA's longer-term insurance investments with Funds SA are measured at fair value, based on quoted market prices as advised by the fund manager. Subsequent measurement is at fair value with any resultant unrealised gains or losses recognised in the Statement of Comprehensive Income (refer Note 18).

(j) Reinsurance and Other Recoveries

Recoveries receivable on paid claims, reported claims not yet paid, claims incurred but not reported and unexpired risk liabilities are recognised as revenue. Recoveries receivable are measured as the present value of the expected future receipts, calculated on the same basis as the liability for outstanding claims. The details of inflation and discount rates used are set out in Note 30.

Collectability of recoveries is reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised in the Statement of Comprehensive Income for the amount by which the asset's carrying amount exceeds its recoverable amount.

(k) Property, Plant and Equipment

Property, Plant and Equipment is stated at cost less accumulated depreciation.

(i) Depreciation

Depreciation of Property, Plant and Equipment is calculated on a straight line basis using rates designated to allocate the depreciable cost over the expected useful life of the asset. Motor Vehicles are depreciated on a straight line basis for a period of up to five years (refer Note 8).

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, during each financial year. Changes in the residual value or expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for prospectively by changing the time period or method, as appropriate, which is a change in accounting estimate.

(ii) Impairment

The carrying values of Property, Plant and Equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised in the Statement of Comprehensive Income for the amount by which the asset's carrying amount exceeds its recoverable amount.

(l) Intangible Assets

Intangible assets represent purchased software licenses, which are carried at the cost to acquire and install the specific software less any accumulated amortisation and any accumulated impairment losses.

Expenditure on purchased software assets is capitalised when it is probable that future economic benefits attributable to the assets will flow to SAFA, and if the cost of the asset can be measured reliably. Subsequent expenditure on the maintenance of purchased software is expensed as incurred.

Note 2 Significant Accounting Policies (continued)

(l) Intangible Assets (continued)

(i) Amortisation

Amortisation of intangible assets is calculated on a straight line basis using rates designated to allocate the cost over the expected useful life of the asset. Software costs are amortised on a straight line basis for a period of five to ten years (refer Note 9). Amortisation has been included in Depreciation and Impairment expense within the Statement of Comprehensive Income.

The assets' residual values, useful lives and amortisation methods are reviewed, and adjusted if appropriate, each financial year. Where a change to the residual value or useful life of an asset has been identified any impact that may result from this change is recognised in the Statement of Comprehensive Income in the year in which it arises.

(ii) Impairment

The carrying values of intangible assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised in the Depreciation and Impairment Expense within the Statement of Comprehensive Income for the amount by which the asset's carrying amount exceeds its recoverable amount.

(m) Outstanding Claims Liability

Insurance activities are segregated into three Funds. Liabilities for outstanding claims for Fund 1 are measured as the central estimate of the present value of the expected future payments for claims incurred, plus an additional risk margin to allow for inherent uncertainty in the central estimate.

The liability for outstanding claims at balance date comprises:

- claims that have been incurred but not paid;
- claims incurred but not reported (IBNR);
- claims incurred but not enough reported (IBNER);
- risk margins; and
- claims handling costs, which includes anticipated direct and indirect costs of settling those claims.

Liabilities for outstanding claims for Fund 2 are recognised in respect of reported incidents including the anticipated costs of settling these claims and a risk margin. Details of risk margin rates are disclosed in Note 30.

Liabilities for outstanding claims for Fund 3 are determined by applying an earning pattern to the written premium and then combining a loss ratio to the development pattern of emerging claims costs. Details of risk margin rates are disclosed in Note 30.

The expected future payments are discounted to present value using a risk-free rate, derived from the interest rates on Commonwealth Government fixed interest securities with terms to maturity that match, as close as possible, the estimated future claim payments. Details of the inflation and discount rates and other actuarial assumptions are disclosed in Note 30.

(n) Receivables and Other Assets/Payables and Other Liabilities

Receivables include amounts receivable from the provision of goods and services, GST input tax credits recoverable, other assets including debtors and fee accruals. Payables include accounts payable representing amounts owing for goods and services received prior to the end of the reporting period that are unpaid, GST payable, other liabilities including interest paid in advance, creditors, expense accruals and provisions. They are all stated at book value, which is the best estimate of fair value as they are typically settled within a short period of time (refer Notes 11 and 16).

Collectability of receivables is reviewed on an ongoing basis. An allowance for impairment loss (doubtful debt) is raised when there is objective evidence that SAFA will not be able to collect the debt. Bad debts are written off when identified.

(o) Government Guarantee Fees

Loans advanced by SAFA to government agencies are guaranteed by the SA Government. In return for this guarantee a market based fee is due by the individual government agencies to the Treasurer. These fees are not revenue or expenses of SAFA. SAFA collects these fees from the government agencies and remits them to the Treasurer on a periodic basis. Due to timing differences between the collection of these fees from the government agencies and remittance of these fees to the Treasurer, SAFA recognises receivables and payables in relation to these fees (refer Note 17).

Note 2 Significant Accounting Policies (continued)

(p) Dividends

Under governing legislation and SAFA policy, dividends are payable by SAFA to the Treasurer on an annual basis dependent on a range of factors including SAFA's profitability and solvency of its insurance business. Where a dividend is payable, an interim dividend is required to be paid prior to the end of the financial year based on estimates of the full financial year profit. The final dividend due is determined following finalisation of the financial year results, with any difference between the interim dividend payment and the final dividend due either deducted from, or added to, the interim dividend payment for the following financial year. The payment of dividends is subject to the approval of the Treasurer.

(q) Deferred Acquisition Costs

Costs directly attributable to the acquisition of the BII premium revenue (Fund 3) are deferred by recognising these costs as an asset in the Statement of Financial Position when they can be reliably measured. Deferred acquisition costs are amortised systematically over the life of the insurance policy in line with the expected pattern of the incidence of risk.

(r) Unearned Premium Liability

The Liability Adequacy Test (LAT) is performed on the BII liabilities less deferred acquisition costs to ensure the carrying value of the unearned premium liability is adequate, using current estimates of the present value of future cash flows relating to future claims.

The need for an additional risk margin is assessed, taking into account the inherent uncertainty in the central claims estimate. If the assessment shows the carrying amount of the liabilities is inadequate, any deficiency is recognised as an expense in the Statement of Comprehensive Income by firstly writing down the deferred acquisition cost. If an additional liability is required, this is recognised in the Statement of Financial Position as an unexpired risk liability.

(s) Foreign Currency Translation

Foreign currency assets and liabilities are recognised in the Financial Statements at the prevailing exchange rate at the reporting date. Revenue and expense items are translated at the exchange rate current at the date at which those items were recognised in the Financial Statements.

(t) Employee Benefits

SAFA does not employ any direct staff, but is assigned staff resources by the Department of Treasury and Finance (DTF) through a Service Level Agreement pursuant to Section 20 of the *Government Financing Authority Act 1982*. The responsibility to provide for employer contributions to superannuation benefits rests with DTF, and for this reason SAFA is not required to establish a provision. DTF meets long service leave liabilities as they fall due.

(u) Taxation

(i) Accounting Profits Tax Model

In accordance with Treasurer's Instruction 22 Tax Equivalent Payments, SAFA is required to pay the Treasurer an income tax equivalent amount. The income tax liability is based on the Taxation Equivalent Regime (TER) which applies the accounting profit method. This requires SAFA to apply the corporate income tax rate to the net profit. The current income tax equivalent liability relates to the income tax expense outstanding for the current period.

(ii) Goods and Services Tax (GST)

SAFA is grouped with DTF for GST purposes. Income, expenses and assets are recognised net of the amount of GST, except:

- where the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office (ATO), it is recognised as part of the cost of acquisition of an asset or as part the expense item; or
- for receivables and payables, which are recognised inclusive of GST.

The net amount of GST recoverable from or payable to the ATO is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a net basis and the GST component of cash flows arising from investing activities, which is recoverable from, or payable to, the ATO is classified as part of operating cash flows.

Note 2 Significant Accounting Policies (continued)

(u) Taxation (continued)

(iii) Stamp Duty

Stamp duty collected as part of insurance premiums is excluded from premium revenue and paid monthly to RevenueSA.

(v) Supplementary Information by Line of Business

SAFA is an individual reporting entity which operates in three core lines of business, Treasury, Insurance and Fleet Management (refer to Note 3).

(w) Comparatives

The presentation and classification of items in the Financial Statements are consistent with prior periods except where specific accounting standards and/or accounting policy statements have required a change.

Where presentation or classification of items in the Financial Statements have been amended, comparative figures have been adjusted to conform to changes in presentation or classification in these Financial Statements unless impractical.

(x) Changes in Accounting Policies

SAFA has adopted the following relevant new accounting standards and amendments to standards, applicable to annual periods commencing on or after 1 January 2017:

(i) AASB 2016-2 *Disclosure Initiative: Amendments to AASB 107*

This standard amends AASB 107 *Statement of Cash Flows* to require entities preparing financial statements in accordance with Tier 1 reporting requirements to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flow and non-cash changes. This standard is applicable to annual reporting periods beginning on or after 1 January 2017.

The following accounting standards have been issued but are not yet effective. These accounting standards have not been early adopted by SAFA, but will be relevant upon application. The financial effects of implementing these new standards, where relevant, are yet to be determined.

(ii) AASB 9: *Financial Instruments* (and applicable amendments)

AASB 9 supersedes AASB 139 *Financial Instruments: Recognition and Measurement.* The new standard provides the principles for the classification, measurement, recognition, derecognition and disclosure associated with financial assets and financial liabilities. This includes new categories for debt financial instrument classification (amortised cost and fair value) as well as additional requirements in relation to hedge accounting and a new impairment model. SAFA has assessed the potential effects of this standard, it should be noted that SAFA's financial assets and liabilities are already carried at fair value and designate on initial recognition Fair Value through Profit and Loss and SAFA does not currently engage in hedge accounting. There will be no effect to SAFA's carrying amounts as a result of this standard. This standard is applicable to annual reporting periods commencing on or after 1 January 2018. SAFA will apply this standard for the first time in its 2018-19 Financial Statements.

(iii) AASB 15: *Revenue from Contracts with Customers* (and applicable amendments)

AASB 15 has been developed to address a number of deficiencies with existing accounting standards and interpretations relating to revenue. For SAFA, the impact of the new standard is not likely to be as extensive as would be the case for some reporting entities in other industries. Many of SAFA's core activities are not within the scope of the standard, which specifically excludes: lease contracts; insurance contracts; financial instruments; and some guarantees. Revenue arising from these activities are likely to continue being reported in line with other existing standards specific to leases, insurance and financial instruments. This standard is applicable to annual reporting periods commencing on or after 1 January 2018. SAFA will apply this standard for the first time in its 2018-19 Financial Statements.

(iv) AASB 16: *Leases*

The standard introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligations to make lease payments. The standard substantially carries forward the lessor accounting requirements of existing AASB 117 *Leases*. This Standard is applicable to annual reporting periods beginning on or after 1 January 2019. SAFA will apply this standard for the first time in its 2019-20 Financial Statements.

Note 3 Supplementary Information by Line of Business

SAFA operates in the following lines of business:

Treasury - provides funds and financial advice to the South Australian Government, Semi-Government Authorities, South Australian Public Sector Financial Institutions and Government agencies.

Fleet - provides comprehensive fleet management services to South Australian Government agencies for its passenger and light commercial motor vehicle fleet.

Insurance - underwriting several types of general insurance for South Australian Government agencies.

The Insurance activities are designated into three Funds. Fund 1 reflects the normal commercial activities of SAFA while Fund 2 includes all the activities previously conducted through Section 2 of the South Australian Government Insurance and Risk Management Fund. This Fund is used to fund liabilities arising from insurable incidents that occurred prior to 1 July 1994, claims under the building warranty indemnity reinsurance arrangement with QBE Insurance (Australia) Limited (QBE) until 30 June 2013, SGIC residual claims and workers compensation claims previously managed by South Australian Asset Management Corporation. Fund 3 is used to fund liabilities arising from claims under the building indemnity insurance scheme effective from 1 July 2013.

Fund 4 was established in June 2018 in preparation for the South Australian Government's participation in the National Redress Scheme. This Fund will become an operational insurance activity once South Australian legislation relating to the Redress Scheme has been enacted. As at 30 June 2018 its purpose is to record the funds available for the Redress Scheme (refer Note 31).

2018	Treasury $m	Insurance $m	Fleet $m	Eliminations $m	Total $m

Note 4 Cash and Short Term Assets

	2018 $m	2017 $m
Cash at Bank	19.1	25.4
Deposits with the Treasurer	67.4	29.7
Short Term Money Market Deposits	120.2	150.6
Secured Cash Lending	200.3	-
Negotiable Certificates of Deposit	1,088.5	1,339.2
Overdraft Facility	132.4	104.0
Overdraft Facility - South Australian Government	286.1	117.2
Total Cash and Short Term Assets	**1,914.0**	**1,766.1**

Note 5 Assets Held for Sale

	2018 $m	2017 $m
Motor Vehicles	5.0	3.4
Total Assets Held for Sale	**5.0**	**3.4**

The Fleet segment of SAFA leases motor vehicles to agencies of the South Australian Government. At the end of each lease the motor vehicles are classified as held for sale as preparations are made for their sale. Pickles Auctions Pty Ltd provide the motor vehicle disposal management services for SAFA. As at 30 June 2018, no impairment losses on assets sold or held for sale have been recorded in the Statement of Comprehensive Income (2016-17: Nil).

Note 6 Investments

	2018 $m	2017 $m
Commonwealth Government Securities	51.3	-
Semi-Government Securities	793.9	614.1
Local Government Securities	0.0	0.1
Bank and Corporate Securities	3,500.3	3,483.2
Units in Unlisted Trust - Funds SA	618.9	577.9
Equity Investments	0.0	0.0
Investments Private Companies	4.3	-
Total Investments	**4,968.7**	**4,675.3**

Note 7 Loans

	2018 $m	2017 $m
Loans to the Treasurer at Market Rates	7.4	11.6
Loans to the Treasurer at Non Market Rates	29.7	20.2
Loans to the Treasurer at Cost of Funds (COF)	4,944.4	4,894.6
Loans to the Treasurer at Cash	6,240.7	6,121.4
Loans to Public Non Financial Corporations	7,951.1	7,932.1
Loans to Public Financial Corporations	1,650.7	1,653.2
Loans to Local Government	49.4	25.0
Loans to Non Government Schools	32.7	7.2
Total Loans	**20,906.1**	**20,665.3**

The COF loan to the Treasurer is funded through a range of financial assets and liabilities within the Treasurer's Portfolio. Any gains or losses, whether realised or unrealised, on the assets and liabilities in the Treasurer's Portfolio that fund the loan are equally offset by a gain or loss on the COF loan to the Treasurer.

		13.8	**15.7**
Total Expenses		**123.1**	**144.1**

A Service Level Agreement (SLA) operates between SAFA and DTF. DTF provides services to SAFA to enable SAFA to undertake its business activities in a manner so that SAFA may achieve its key outcomes. DTF provides SAFA with appropriately trained and skilled staff along with infrastructure support. The majority of the fee covers staffing, accommodation, audit and technology expenditure.

SLA costs of $1,441,650 (2016-17: $1,266,661) relating to SAFA's insurance business activities have been allocated directly to claims expense.

Note 20 Net Claims Incurred and Underwriting Result

The following table provides detail in relation to the net claims incurred cost. Current year claims relate to risks borne in the current reporting period. Prior period claims relate to a reassessment of the risks borne in previous reporting periods.

2018	In respect of Current Year $000	In respect of Prior Years $000	Total $000
Gross Claims Incurred and Related Expenses Undiscounted	77,624	(38,905)	38,719
Other Recoveries Undiscounted	(592)	(41)	(633)
Net Claims Incurred - Undiscounted	77,032	(38,946)	38,086
Discount and Discount Movement - Gross Claims Incurred	(12,217)	6,312	(5,905)
Discount and Discount Movement - Other Recoveries	63	(7)	56
Net Discount Movement	(12,154)	6,305	(5,849)
Net Claims Incurred	**64,878**	**(32,641)**	**32,237**

Net claims incurred during 2017-18 in respect of claims incurred prior to 30 June 2018 was $32.6 million, resulting from:

	$m
Interest on the 30 June 2018 provision, less payments during 2017-18	9.5
Release of administration allowance and risk margin in respect of payments during 2017-18	(9.4)
Changes in actuarial assumptions and experience deviation from expected	(32.8)
	(32.7)

2017	In respect of Current Year $000	In respect of Prior Years $000	Total $000

Recoveries Income	1.8	1.8
	(33.3)	(52.8)
Net Underwriting Result	13.3	**(8.5)**

Note 21 Contingent Assets and Liabilities

Contingent Assets

Under Section 15 of the *Government Financing Authority Act, 1982*, all financial obligations incurred or assumed by SAFA are guaranteed by the Treasurer on behalf of the State of South Australia.

Origin Energy has indemnified SAFA if SAFA's guarantee to Osborne Cogeneration Pty Ltd in respect of the obligations of two subsidiaries of Origin Energy Ltd is called upon by Osborne Cogeneration Pty Ltd under arrangements for the generation of electricity at the Osborne Generation Plant. The exposure of the guarantee is estimated at $150 million to $200 million until December 2018.

Contingent Liabilities

(a) General

Indemnities provided by SAFA have been primarily issued to third parties involved in financing arrangements with SAFA either directly or indirectly, other statutory authorities and financial institutions of the State, and relate to financial advantages which are expected to be available to those parties or to preserve existing financial advantages.

By its nature insurance underwriting has liabilities contingent upon certain events occurring that give rise to a claim under the policy of insurance. All known and expected claims in respect of events that have occurred up to the end of the reporting period have been accounted for in the preparation of these Financial Statements plus an allowance for claims incurred but not reported and incurred but not enough reported using IBNR and IBNER calculations. Many claims require legal input to negotiate suitable settlements. The results of such negotiations may result in liabilities different to those recognised in the Financial Statements.

(b) Guarantees

Under arrangements for the generation of electricity at the Osborne Generation Plant, SAFA has provided a guarantee to Osborne Cogeneration Pty Ltd in respect of the obligations of two subsidiaries of Origin Energy Ltd. The exposure of the guarantee is estimated at $150 million to $200 million until December 2018.

On 1 June 2017 a guarantee of $4 million for five years was provided to SA Water to enable registration in the National Electricity Market. The guarantee was subsequently increased to $8 million on 1 May 2018.

(c) Treasurer's Indemnity

The Treasurer has indemnified SAFA against any profit or loss as a result of activities in the Insurance Funds 2 and 3. Given the nature of activities in these Funds, the Treasurer has approved that any operating profit or loss before tax will be nil. This is achieved by negating the operating profit or loss with either a payable to or receivable from the Treasurer. This policy resulted in a net receivable from the Treasurer of $3 million as at 30 June 2018 (payable to the Treasurer of $1.1 million as at 30 June 2017).

Note 21 Contingent Assets and Liabilities (continued)

(d) Unused Loan Facilities

As at 30 June 2018, SAFA had extended loan facilities that were unutilised totalling $1,562.3 million (2016-17: $1,157.0 million), this is reviewed annually.

Note 22 Cash Flow Information

	Note	2018 $m	2017 $m
(a) Reconciliation of Cash:

Audit fees payable to the Auditor-General's Department relating to work	210	205
	210	**205**

No other services were provided by the Auditor-General's Department. All fees are paid through SAFA's SLA with DTF.

Note 24 Related Parties

Key management personnel (KMP) of SAFA include the Treasurer, Under Treasurer, General Manager and Directors, who have responsibility for the strategic direction and management of the authority. Compensation commentary detailed below excludes salaries and other benefits the Treasurer receives. The Treasurer's remuneration and allowances are set by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of SA respectively and are payable from the Consolidated Account (via the DTF) under section 6 of the *Parliamentary Remuneration Act 1990*.

SAFA's KMP are employed by DTF and provided to SAFA through an SLA.

(a) Key Management Personnel

The following persons held authority and responsibility for planning, directing and controlling the activities of SAFA, directly or indirectly during the financial year:

Mr T Koutsantonis*	Treasurer (till 19 March 2018)
Mr R Lucas*	Treasurer (from 19 March 2018)
Mr D Reynolds*	Under Treasurer
Mr A Blaskett	General Manager (till 4 May 2018)
Mr K Cantley	General Manager (from 7 May 2018)
Mr T Burfield	Director Insurance
Mr C Fowler	Director Finance
Mr A Kennedy	Director Treasury Services
Ms H Watts	Director Commercial Operations

* *not included in Key Management Personnel Compensation*

(b) Key Management Personnel Compensation

	2018 $000	2017 $000
Short-term employee benefits	1,057.1	1,310.6
Post-employment benefits	130.5	170.8
	1,187.6	1,481.4

(c) Related party transactions

SAFA is a statutory authority constituted as the Under Treasurer under the *Government Financing Authority Act 1982*. SAFA is subject to the control and direction of the Treasurer of South Australia who in turn, is responsible to the Parliament of South Australia for the proper administration of the Act.

Related parties include the Government of South Australia and South Australian state public sector organisations, as well as the Treasurer of South Australia and SAFA KMP and their close family members.

(i) Individually significant transactions

SAFA provides a number of loans to, and accepts deposits from, the Treasurer of South Australia. This is one of the primary functions of SAFA.

	Note	2018 $m	2017 $m
At Call Deposits - Treasurer	4	67.4	29.7
Loans to the Treasurer	7	11,222.2	11,047.8
At Call Deposits - Treasurer	12	7,029.5	6,449.4
Interest Revenue	17	235.4	226.9
Interest Expense	17	(105.8)	(74.7)
Net Gain/(Loss) on Financial Instruments and Derivatives	18	49.8	(96.0)

(ii) Collectively significant transactions

SAFA functions as the central financing authority, captive insurer and manager of the passenger and light commercial vehicle fleet operations for the Government of South Australia. Balances and transactions related to these services are reported in various notes to the financial statements, as amounts "internal to the South Australian Government".

Note 25 Consultants and Contractors

	2018 Consultants	2017 Consultants
Below $10,000	4	-
Above $10,000	5	4
	9	4
Total Consultants expense	$ 235,690	$ 176,256

In addition to the amounts shown in the table above, $167,555 (2016-17: $404,283) in consultants fees were paid through SAFA's SLA with DTF. These consultants are disclosed in DTF's Financial Statements.

	2018 Contractors	2017 Contractors
Above $10,000	1	2
	1	2
Total Contractors expense	$ 169,055	$ 190,631

In addition to the amounts shown in the table above, $207,416 (2016-17: $293,903) in contractor fees were paid through SAFA's SLA with DTF. These contractors are disclosed in DTF's Financial Statements.

Note 26 Unrecognised Contractual Commitments

(a) Operating Lease Commitments Receivable

SAFA as a Lessor

Leases in which SAFA retains substantially all the risks and benefits of ownership of the leased asset are classified as operating leases. Agencies have entered into commercial leases on motor vehicles owned by SAFA. These leases are for terms up to three years, with an option, subject to approval, to extend in six monthly intervals to a maximum term of four years for passenger vehicles and a maximum term of five years for light commercial vehicles.

Future minimum rentals receivable (excluding GST) under non-cancellable operating leases are as follows:

	2018 $m	2017 $m
Operating Lease Receipts:		
Not later than one year	43.8	46.1
Later than one year but not later than five years	35.4	32.1
Later than five years	0.4	-
Total Non-Cancellable Operating Lease Receivables	79.6	78.2

(b) Other Commitments

SAFA's other commitments relate to vehicle management fees, software licences and maintenance, and outsourced funds management fees. These amounts relate to vendors which are external to the South Australian Government.

	2018 $m	2017 $m
Expenditure Commitments:		
Not later than one year	4.7	0.4
Later than one year but not later than five years	6.7	0.1
Later than five years	7.3	-
Total other commitments	18.7	0.5

Note 26 Unrecognised Contractual Commitments (continued)

(c) Operating Lease Commitments Payable

SAFA as a Lessee

SAFA's operating leases are for car parking spaces and motor vehicles owned by manufacturers. Car leases are for terms of 12 months up to 36 months, for passenger vehicles. Car parking spaces leases are non cancellable with I month terms. Rent is payable in advance.

Future minimum rentals payables (excluding GST) under non-cancellable operating leases are as follows:

	2018 $m	2017 $m
Operating Lease Payments:		
Not later than one year	0.2	-
Later than one year but not later than five years	0.1	-
Total Non-Cancellable Operating Lease Payables	**0.3**	**-**

Note 27 Capital Management

SAFA's objective is to maintain capital that allows it to continue as a going concern while exposing its stakeholders to an acceptable level of risk. SAFA's capital comprises Retained Earnings ($420.4m in 2017-18; $367.9m in 2016-17). The capital position is reviewed periodically by Management to ensure its adequacy is commensurate with the level of risk. Among others, Management considers the following factors when managing capital requirements:

- The overall risk position of the business;
- Dividend policy;
- The requirements of the *Government Financing Authority Act 1982* ; and
- The guarantee provided to SAFA by the Treasurer on behalf of the State of South Australia (refer Note 21).

Note 28 Financial Risk Management

SAFA's activities expose it to a variety of financial risks: credit risk, liquidity risk, market risk (including interest rate risk, price risk and currency risk) and insurance risk. SAFA's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of SAFA. SAFA uses derivative financial instruments such as futures, foreign exchange contracts, forward rate agreements and interest rate swaps to reduce certain risk exposures.

The guidelines within which these risks are undertaken and managed are established under policies and guidelines approved by the Treasurer and Management. SAFA monitors compliance with these policies and constraints by appropriately segregating the monitoring from the operating business unit. Information is summarised and reported daily to Management and reported monthly to the Advisory Board. These disclosures and the methods used have not changes during the reporting period.

(a) Credit Risk

Credit risk is the risk of financial loss and associated costs resulting from the failure of a counterparty to meet its financial obligations as and when they fall due. SAFA incurs credit risk through undertaking its core functions of fundraising, debt management, liquidity management and the Government's reinsurance program.

SAFA's dealings in physical securities and other financial contracts, including derivatives, are transacted only with counterparties possessing strong to extremely strong safety characteristics regarding timely payment of principal and interest.

Should a participant in the Government's reinsurance program become insolvent or cease trading, the recoveries to which SAFA may be entitled could be jeopardised in full or in part, or the timing of any recovery may be subject to an insolvency action.

To minimise the potential for credit loss, SAFA complies with stringent credit guidelines. The guidelines are designed to promote diversification of credit risk amongst counterparties while limiting exposure only to highly rated institutions worldwide. The credit guidelines do not apply to loans to South Australian Government entities.

AASB 7 *Financial Instruments: Disclosures*, requires the disclosure of the amount of change in fair value that is attributable to the change in SAFA's credit risk. The following table shows the amount of change in fair value of Liabilities and Loans as at the end of the reporting period that is considered to have contributed to SAFA's credit risk for the period and cumulative.

	2018		2017	
	Period $m	Cumulative $m	Period $m	Cumulative $m
Loans change in fair value profit/(loss)	9.5	28.1	13.0	19.0
Liabilities change in fair value profit/(loss)	(12.6)	(37.2)	(16.4)	(24.0)

The change in fair values attributable to credit risk have been calculated by determining the change in the spread between SAFA and Swap yield curves at the issue date and period end dates. This spread movement is then applied to the delta of each transaction to calculate the considered credit component. Spreads for the period ending 30 June 2018 have moved by between 0-32 basis points (2016-17: 0-40 basis points).

Note 28 Financial Risk Management (continued)

(i) Credit Quality

The following table sets out the credit quality of financial assets. The ratings have been presented based on credit ratings from Standard and Poors.

The below disclosure measures credit risk for physical securities at face value, and the credit risk of derivative transactions using a mark-to-market methodology that includes an additional factor to cover potential future adverse market movements less any collateral held.

The majority of SAFA's lending is to agencies and corporations of the South Australian Government. In respect to the repayment of loans by authorities (which are fully guaranteed by the Treasurer) the ultimate credit risk is to the Treasurer. The principal focus for SAFA is therefore with risk that arises through investment of funds in financial assets and through derivative transactions with market counterparties.

Concentration of Credit Risk by credit rating:

2018 Asset Class	Rating AAA $m	AA+ $m	AA- $m	A+ $m	A $m	A- $m	BBB+ $m	BBB $m	NR* $m	Total $m

Note 28 Financial Risk Management (continued)

(ii) Offsetting Financial Assets and Financial Liabilities

Financial assets and liabilities subject to offsetting and/or master netting agreements:

SAFA enters into derivative transactions under International Swaps and Derivatives Association (ISDA) master netting agreements. Derivative asset and liability positions are accounted for at the transaction level, and are not offset at the counterparty level in the Statement of Financial Position. SAFA does not currently have a legally enforceable right to offset these positions in the usual course of business; the right to offset is enforceable only on the occurrence of future credit events, such as default. Furthermore, SAFA does not intend to settle these transactions on a net basis. In April 2016 SAFA entered into collateral agreements with the major Australian Banks.

The analysis presented below sets out the carrying amounts of recognised financial instruments that are subject to the above agreements.

				Related amounts not offset		
2018	Gross Amounts of Financial Assets and Liabilities	Gross amounts offset in the Statement of Financial Position	Net amounts presented in the Statement of Financial Position	Subject to master netting or other agreements	Financial collateral (incl. cash collateral)	Net

Note 28 Financial Risk Management (continued)

Reconciliation to the Statement of Financial Position

The 'Net amounts presented in the Statement of Financial Position', as set out above, are reflected in the Statement of Financial Position as such (refer Note 4, 10 and 15).

(iii) Ageing Analysis

As at 30 June 2018 the amount of Receivables including Impaired Assets that were past due was $467,715 (2016-17: $849,109).

Past due but not impaired receivables are South Australian Government debts considered recoverable regardless of their age. Impaired receivables are long outstanding debts with non South Australian Government entities where funds are deemed irrecoverable.

	Past due by				
	1 - 30 days $m	31 - 60 days $m	61 - 90 days $m	+90 days $m	Total $m

	0.6	**0.0**	**0.1**	**0.1**	**0.8**

Note 28 Financial Risk Management (continued)

(b) Liquidity Risk

In order to manage liquidity risk, SAFA has in place liquidity management guidelines, which require SAFA to hold a base level of liquidity comprising highly marketable liquid financial assets. Liquid assets include cash, promissory notes, Commonwealth bonds, floating rate notes and negotiable certificates of deposit. The level of liquid financial asset holdings by SAFA on any given day must be sufficient to cover the higher of a base liquidity buffer of $1,500 million or the sum of debt maturities in the next 60 days on a rolling days basis. Adherence to these guidelines enables SAFA to be in a position to meet the forecasted cash demands and any unanticipated funding requirements of the South Australian public sector.

SAFA has chosen an approach to minimise medium-term refinancing risks, which involves diversification of physical borrowings across the maturity spectrum, diversification of funding sources and the holding of liquid assets to assist in the management of refinancing and liquidity risk. These strategies result in SAFA facing manageable funding demands from financial markets in any given period. This approach assists the maintenance of an orderly market place for SAFA's securities when refinancing maturing debt obligations.

The liquidity analysis below has been presented on a contractual basis, representing the repayment of undiscounted principal and interest amounts for financial assets and liabilities, and the estimated discounted settlement amount for outstanding claims.

(c) Market risk

Market risk is the risk that changes in market prices will result in gains or losses on SAFA's financial instruments. SAFA has a range of policies in place to manage market risk, including counterparty exposure limits, risk limits and liquidity and maturity limits. The main tool used to measure and assess market risks within each of SAFA's trading portfolios is Value at Risk (VaR).

(i) Price Risk

Treasury Operations

SAFA manages the sensitivity of its treasury portfolios for changes in market risk variables by calculating VaR daily and monitoring the calculated VaR against pre-determined exposure limits. VaR is the calculation of the potential loss due to interest rate movements for any one day.

SAFA calculates VaR using the Historical Simulation method and a two year interest rate horizon. The daily VaR is assessed at the 95% confidence level.

The following table shows the computed VaR on SAFA's principal portfolios:

	2018 Actual $000	2018 Working Limit $000	2017 Actual $000	2017 Working Limit $000
Funding Portfolio	102.7	500.0	355.8	500.0
Liquidity Portfolio	1,674.0	6,500.0	1,105.8	6,500.0

SAFA's treasury portfolio that reflects SAFA's position with the Treasurer of South Australia is not reported above, as all risk in this portfolio is borne directly by the Treasurer.

As SAFA's VaR model relies on historical data and assumes recent historic market conditions, it may not always accurately predict the size of potential losses. SAFA therefore uses other controls such as limits on exposures based on factor sensitivity measurements covering interest rate, yield curve and basis spread movement scenarios and monitors exposures to plausible extreme market movements through stress testing.

Note 28 Financial Risk Management (continued)

Insurance Operations

The insurance portfolio is exposed to price risk arising from investments held with Funds SA. SAFA maintains policies outlining the strategies for investment of funds and these policies are reviewed every three years.

The following table shows the impact of a positive or negative 10% movement in the value of investment funds held with Funds SA:

2018		Profit (Post tax)		Equity	
	Investments $000	-10% $000	10% $000	-10% $000	10% $000
Fund 1	577,074	(40,395)	40,395	(40,395)	40,395
Fund 2*	17,645	(1,235)	1,235	(1,235)	1,235
Fund 3*	24,131	(1,689)	1,689	(1,689)	1,689
Total	**618,850**	**(43,319)**	**43,319**	**(43,319)**	**43,319**

2017		Profit (Post tax)		Equity	
	Investments $000	-10% $000	10% $000	-10% $000	10% $000
Fund 1	537,145	(37,600)	37,600	(37,600)	37,600
Fund 2*	19,481	(1,364)	1,364	(1,364)	1,364
Fund 3*	21,236	(1,487)	1,487	(1,487)	1,487
Total	**577,862**	**(40,451)**	**40,451**	**(40,451)**	**40,451**

* Due to the nature of activities undertaken by Fund 2 and Fund 3, the Treasurer has approved that any operating profit or loss before tax will be nil for each of these funds. Therefore, any movement in the value of investments with Funds SA for Fund 2 or Fund 3 would effectively be offset by the Treasurer's Indemnity (Refer Note 21).

(ii) Interest Rate Risk

SAFA uses a variety of methods to measure interest rate risk, including basis point sensitivity, duration and VaR. The Treasurer and Under Treasurer approve interest rate risk limits for SAFA's portfolios.

SAFA uses interest rate derivatives to manage the sensitivity of investment portfolios to interest rate fluctuations to be within strict limits, without requiring transactions in physical securities. SAFA utilises futures contracts, interest rate swaps and forward rate agreements to manage interest rate risk.

The following table shows the computed Price Value per basis point (PV01) of SAFA's principal portfolios, reflecting changes in portfolio value relative to interest rate movements:

	2018 Actual $	2018 Working Limit $	2017 Actual $	2017 Working Limit $
Funding Portfolio	(1,294)	± 5,000	1,104	± 5,000
Liquidity Portfolio	458	± 10,000	(440)	± 10,000

SAFA's treasury portfolio that reflects SAFA's position with the Treasurer of South Australia is not reported above, as all risk in this portfolio is borne directly by the Treasurer.

Note 28 Financial Risk Management (continued)

(iii) Foreign Currency Risk

SAFA has a policy of limiting its foreign currency risk, and has limits in place to protect against movements in foreign currency exchange rates. SAFA utilises foreign exchange swaps, foreign exchange and forward exchange contracts to manage the foreign currency exposures associated with foreign currency borrowings.

The following table summarises SAFA's exposure to exchange rate risk. The value to be received under the currency contracts is undertaken to net any foreign currency liabilities:

2018	USD A$000	EUR A$000	NZD A$000
Less than 1 year			
Net Foreign Currency Assets/(Liab)	(94,562.6)	(21.5)	13.8
Net Derivatives	94,586.5	-	-
Total Exposure	**23.9**	**(21.5)**	**13.8**
Sensitivity			
Profit impact (in AUD) of +1% change in foreign currency	0.2	(0.2)	0.1

2017	USD A$000	EUR A$000	NZD A$000
Less than 1 year			
Net Foreign Currency Assets/(Liab)	26.2	(2.0)	10.9
Net Derivatives	-	-	-
Total Exposure	**26.2**	**(2.0)**	**10.9**
Sensitivity			
Profit impact (in AUD) of +1% change in foreign currency	0.3	(0.0)	0.1

SAFA's total exposure to exchange rate risk (on a net basis) is $16,185 for the year ended 30 June 2018 (2016-17: $35,129). Had the Australian Dollar weakened by 10 per cent against the foreign currencies listed above, the direct impact to SAFA would be a gain of approximately $162 (2016-17: gain $3,513).

(d) Insurance Risk

SAFA uses a range of policies to manage risk associated with its insurance activities. The most relevant methods include:

- the continual monitoring of the experience and development of claims;
- premium setting methodologies that reflect the latest development in the risks SAFA's Insurance division is insuring;
- placing reinsurance to protect the capital base against a severe adverse event or a series of severe adverse events; and
- regular review of the investment strategy for assets backing insurance liabilities.

Note 28 Financial Risk Management (continued)

(i) Claim Development

The following tables show the development of incurred cost on net undiscounted outstanding claims (Medical Malpractice, Liability, Property and Builders Indemnity) relative to the ultimate expected estimate over the ten most recent financial years. Figures provided are net of reinsurance and relate to Fund 1 and Fund 3. This information is not disclosed for Fund 2 as it is not considered appropriate for its activities.

(ii) Unexpired Risk Liability

The LAT (Note 2 (r)) was completed by the independent actuary for Building Indemnity Insurance offered by SAFA. The actuary has compared the unearned premium and the expected cost of claims arising from this premium, including associated expenses and a risk margin. The result of the LAT was a $2.8 million premium deficiency which has been written off against deferred acquisition costs.

a. Calculation of Premium Deficiencies

	2018 $000	2017 $000
Net unearned premium liability	20,897	18,558
Net present value of future policy costs	18,018	16,703
Gross deferred acquisition costs recognised	5,604	6,031
Gross premium deficiency	**(2,725)**	**(4,176)**
Gross deferred acquisition costs written down	2,725	4,176
Net premium deficiency	-	-
Gross deferred acquisition costs recognised in Balance Sheet	2,879	1,855

The increase in deferred acquisition costs recognised in the Statement of Comprehensive Income during the financial year amount to $1.119 million (2016-17 $4.271 million).

b. Reconciliation of Premium Liabilities, Reinsurance Assets and related Deferred Acquisition Costs

	Gross $000	Reinsurance $000	Acquisition cost $000	Net $000
Unearned premium liability/(asset) at 30 June 2016	**45,253.1**	**(2,523.5)**	**(2,777.2)**	**39,952.4**
Premium written	22,618.6	(7,579.0)	(3,350.1)	11,689.5
Premium (earned)/incurred	(49,312.9)	7,732.2	4,271.5	(37,309.2)
Unearned premium liability/(asset) at 30 June 2017	**18,558.8**	**(2,370.3)**	**(1,855.8)**	**14,332.7**
Premium written	54,533.5	(8,671.7)	(2,144.1)	43,717.7
Premium (earned)/incurred	(52,194.8)	8,300.2	1,119.9	(42,774.7)
Unearned premium liability/(asset) at 30 June 2018	**20,897.5**	**(2,741.8)**	**(2,880.0)**	**15,275.7**

Note 28 Financial Risk Management (continued)

(iii) Concentration Risk

While investments in the Insurance portfolio contain some diversity, by its nature it is geographically concentrated in Adelaide and as such is exposed to the risk of potentially material property catastrophes of the State, being earthquake, bushfires, storms, floods and cyber attack. The reinsurance program is purchased to provide protection in excess of the retention level, which is $15 million in the annual aggregate for property, $0.5 million per event for cyber risk, $15 million for medical malpractice per event and $20 million in the annual aggregate for liability classes. Management annually reviews the appropriateness of the retention level.

SAFA provides the medical indemnity insurance for all public hospitals in South Australia and as such is exposed to the consequences of any factor which increases the cost of such cover for example, legal precedents.

(iv) Sensitivity Analysis

SAFA has tested the sensitivity of the results to a change in the key assumptions used in the valuation of outstanding claims liabilities. These include changes to the discount and superimposed inflation rates and changes in expected average claim costs and incurred cost development patterns. The following table sets out the tests carried out and the results:

2018	Present Value of Outstanding Liability			Change in Liability		
Insurance Fund	Fund 1 $m	Fund 2 $m	Fund 3 $m	Fund 1 %	Fund 2 %	Fund 3 %
1. Discount Rate						
(a) Increase by 1%	330.0	23.9	12.3	(6.4)	(3.1)	(2.6)
(b) Decrease by 1%	377.8	25.5	13.0	7.2	3.3	2.8
2. Inflation/Superimposed Inflation Rate						
(a) Increase by 1%	376.8	25.5	12.7	6.9	3.3	0.0
(b) Decrease by 1%	330.5	23.9	12.7	(6.3)	(3.1)	0.0
3. Other Assumptions						
(a) Increase Medical Malpractice and Liability expected 'a prior' cost by 10%	370.1	24.7	12.7	5.0	0.0	0.0
(b) Longer Medical Malpractice and Liability tail	364.3	27.2	12.7	3.3	10.1	0.0
(c) Increase Building Indemnity expected 'a prior' cost by 5%	352.6	24.7	13.3	0.0	0.0	4.9

Note 29 Fair Values of Assets and Liabilities

(a) Contractual Obligations and Financial Liabilities at Fair Value

The difference between financial liabilities carrying amount (fair value) and the amount contractually required to be paid at maturity is detailed below.

	2018			2017		
	Carrying Amount $m	Principal Outstanding $m	Diff $m	Carrying Amount $m	Principal Outstanding $m	Diff $m
Deposits and Short Term Borrowings	9,241.0	9,229.7	11.3	8,680.9	8,658.9	22.0
Bonds, Notes and Debentures	17,781.7	17,394.7	387.0	17,913.0	17,405.2	507.8

Notes:

(1) Fair value is inclusive of interest due at financial year-end.

(2) Principal outstanding at maturity is the amount SAFA is contractually required to pay at maturity, to the holder of the obligation, exclusive of interest due.

(3) Bonds, Notes and Debentures – includes indexed linked securities. For the purposes of this note, the principal owing for indexed linked securities is assumed to equal the principal owing at financial year-end.

Note 29 Fair Values of Assets and Liabilities (continued)

(b) Financial Assets and Liabilities

This section explains the judgements and estimates made in determining the fair values of the assets and liabilities that are recognised and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, SAFA has classified its assets and liabilities into the three levels prescribed under Australian Accounting Standards. An explanation of each level follows below.

(i) Fair Value Hierarchy

2018	Note	Quoted market price (Level 1) $m	Market observable inputs (Level 2) $m	Non-market observable inputs (Level 3) $m	Total $m
Financial Assets					
Cash and Short Term Assets	4	825.5	1,088.5	-	**1,914.0**
Investments	6	849.5	4,119.2	-	**4,968.7**
Loans	7	6,240.6	9,691.3	4,974.2	**20,906.1**
Derivatives Receivable	10	-	199.6	-	**199.6**
Total		**7,915.6**	**15,098.6**	**4,974.2**	**27,988.4**
Financial Liabilities					
Deposits and Short Term Borrowings	12	(7,217.4)	(2,023.6)	-	**(9,241.0)**
Bonds, Notes and Debentures	13	(17,411.5)	(88.2)	(282.0)	**(17,781.7)**
Derivatives Payable	15	-	(166.4)	-	**(166.4)**
Total		**(24,628.9)**	**(2,278.2)**	**(282.0)**	**(27,189.1)**

2017	Note	Quoted market price (Level 1) $m	Market observable inputs (Level 2) $m	Non-market observable inputs (Level 3) $m	Total $m
Financial Assets					
Cash and Short Term Assets	4	426.9	1,339.2	-	**1,766.1**
Investments	6	614.1	4,061.2	-	**4,675.3**
Loans	7	6,121.4	9,629.1	4,914.8	**20,665.3**
Derivatives Receivable	10	-	125.4	-	**125.4**
Total		**7,162.4**	**15,154.9**	**4,914.8**	**27,232.1**
Financial Liabilities					
Deposits and Short Term Borrowings	12	(6,703.2)	(1,977.7)	-	**(8,680.9)**
Bonds, Notes and Debentures	13	(17,532.2)	(100.0)	(280.8)	**(17,913.0)**
Derivatives Payable	15	-	(51.6)	-	**(51.6)**
Total		**(24,235.4)**	**(2,129.3)**	**(280.8)**	**(26,645.5)**

Note 29 Fair Values of Assets and Liabilities (continued)

SAFA generally recognises transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period, unless specified otherwise.

Financial Assets and Liabilities are categorised in levels of the fair value hierarchy based on the following:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities that are accessible at the measurement date.

- Level 2: Inputs other than quoted prices included within Level 1, which are observable for assets or liabilities, either directly or indirectly.

- Level 3: Inputs to asset or liability valuation that are not based on observable market data (unobservable inputs). This category includes instruments that are valued using quoted prices, but where material adjustments are required as a result of relevant unobservable inputs or assumptions.

(ii) Valuation Techniques Used to Determine Fair Values

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments;
- the fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves;
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date; and
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in Level 2. All valuation methods remain unchanged compared to the previous reporting period.

(iii) Level 3 Financial Instruments Reconciliation

The following table presents the changes in Level 3 items for the periods 30 June 2018 and 30 June 2017:

2018	Assets	Liabilities	
	Loans $m	Bonds, Notes and Debentures $m	Total $m
Balance at 30 June 2017	4,914.8	(280.8)	**4,634.0**
Total gain/(loss) included:			
in Profit or Loss	188.3	(15.4)	**172.9**
Purchases	10.0	-	**10.0**
Sales	(138.9)	-	**(138.9)**
Issues	-	(10.0)	**(10.0)**
Settlements	-	24.2	**24.2**
Balance at 30 June 2018	**4,974.2**	**(282.0)**	**4,692.2**

Total gains or losses in the above table are presented within the Statement of Comprehensive Income as follows:

Interest Revenue	135.9	(11.5)	**124.4**
Net Gain/(Loss) on Financial Instruments and Derivatives - Unrealised	56.2	(3.9)	**52.3**
Net Gain/(Loss) on Financial Instruments and Derivatives - Realised	(3.8)	-	**(3.8)**
Total	**188.3**	**(15.4)**	**172.9**

Note 29 Fair Values of Assets and Liabilities (continued)

2017	Assets	Liabilities	
	Loans $m	Bonds, Notes and Debentures $m	Total $m
Balance at 30 June 2016	5,413.2	(308.4)	**5,104.8**
Total gain/(loss) included:			
in Profit or Loss	44.5	9.7	**54.2**
Purchases	15.0	-	**15.0**
Sales	(557.9)	-	**(557.9)**
Issues	-	(15.0)	**(15.0)**
Settlements	-	32.9	**32.9**
Balance at 30 June 2017	**4,914.8**	**(280.8)**	**4,634.0**

Total gains or losses in the above table are presented in the Statement of Comprehensive Income as follows:

	Loans $m	Bonds, Notes and Debentures $m	Total $m
Interest Revenue	141.9	(11.7)	**130.2**
Net Gain/(Loss) on Financial Instruments and Derivatives - Unrealised	(179.4)	21.6	**(157.8)**
Net Gain/(Loss) on Financial Instruments and Derivatives - Realised	82.0	-	**82.0**
Total	**44.5**	**9.9**	**54.4**

(iv) Level 3 Financial Instruments: Unobservable inputs used in measuring fair value

The following table summarises the quantitative information about the significant unobservable inputs used in Level 3 fair value measurement:

Type of Financial Instrument	Fair value at 30 June 2018 $m	Valuation Technique	Significant Unobservable Input	Estimate of Unobservable Input	Fair value measurement sensitivity to unobservable inputs
Loans:					
Loan to Treasurer Cost of Funds	4,944.4	Reflects the market value of borrowings used to fund the loan	Discount rates/market yields	N/A	Market value change is directly proportional to the market value change of instruments used to fund the loan.
Loan to Treasurer Non-Market	29.7	Loan with no applicable interest rate or discount rate	Discount rates/market yields	0% IRR	Instrument value will not change with respect to market/discount rates.

Note 29 Fair Values of Assets and Liabilities (continued)

(iv) Level 3 Financial Instruments: Unobservable Inputs Used in Measuring Fair Value (continued)

Type of Financial Instrument	Fair value at 30 June 2018 ($m)	Valuation Technique	Significant Unobservable Input	Estimate of Unobservable Input	Fair value measurement sensitivity to unobservable inputs
Bond, Notes and Debentures:					
Principal and Interest Borrowing	(231.5)	Discounted Cash Flow	Discount rates/market yields	2.16% - 2.84% IRR	Discount rate based on internally-constructed yield curve. A 1 basis point shift in rates results in a $220,166 change in market value.
Principal Borrowing	(29.7)	Borrowing with no applicable interest rate or discount rate.	Discount rates/market yields	0% IRR	Instrument value will not change with respect to market/discount rates.
Bond	(19.5)	Discounted Cash Flow	Discount rates/market yields	2.25% IRR	Discount rate based on internally-constructed yield curve. A 1 basis point shift in rates results in a $4,711 change in market value.
Retail Indexed Annuity	(1.3)	Discounted Cash Flow	Real discount rates (annuity rates)	1.25%	Market rates are observed for annuity instruments. A 1 basis point shift in real rates results in a $99 change in market value.

(v) Valuation Processes

Level 3 fair values valuation processes are consistent with all other valuation processes and are reviewed as part of SAFA's valuation techniques review.

SAFA considers that its estimates of fair value are appropriate, and while alternative assumptions in relation to unobservable inputs could be used when determining fair value, these alternative assumptions would not result in any significant changes to measured fair values.

Note 29 Fair Values of Assets and Liabilities (continued)

(c) Non-Financial Assets and Liabilities

(i) Fair Value Hierarchy

2018	Note	Quoted market price (Level 1) $m	Market observable inputs (Level 2) $m	Non-market observable inputs (Level 3) $m	Total $m
Assets					
Assets Held For Sale	5	-	5.0	-	5.0
Property, Plant and Equipment	8	-	165.1	-	165.1
Total		-	170.1	-	170.1

2017	Note	Quoted market price (Level 1) $m	Market observable inputs (Level 2) $m	Non-market observable inputs (Level 3) $m	Total $m
Assets					
Assets Held For Sale	5	-	3.4	-	3.4
Property, Plant and Equipment	8	-	162.5	-	162.5
Total		-	165.9	-	165.9

Non-financial assets are valued at cost less accumulated depreciation which is deemed to represent approximate fair value. Valuation techniques used to derive residual value of non-financial assets include:

- the use of quoted market prices or dealer quotes for similar assets;
- the use of RedBook and Glass's valuations for similar motor vehicle assets; and
- the cost less accumulated depreciation over the useful life to a residual value.

SAFA undertook a fair value exercise at the end of the 2017-18 financial year to ensure there were no major differences between the stated residual value and the expected sales value of the fleet for vehicles scheduled to be sold in the 2018-19 year.

All of the resulting fair value estimates are included in Level 2.

All valuation methods remain unchanged compared to the previous reporting period.

Note 30 Actuarial Assumptions and Methods

SAFA writes four broad classes of general insurance: Property, Liability, Medical Malpractice and Other Liability. Products included in these broad classes are detailed below:

Property (Short Tail)	Liability (Long Tail)	Medical Malpractice	Other (Long Tail)
Aviation Property	Aviation Liability	Medical Malpractice	Building Indemnity
Buildings and Contents	General Liability		Volunteers
Consequential Loss	Marine Liability		
Cyber	Professional Indemnity		
Fidelity Guarantee	Personal Accident		
General Property			
Machinery Breakdown			
Marine Property			
Motor Vehicle			

Total Outstanding Claims

2018	Central Estimate $m	Risk Margin $m	Indirect Claims Settlement Margin $m	Total $m
Expected Future Claims Payments (Inflated/Undiscounted)	332.5	117.4	16.8	466.7
Discount to Present Value	(54.6)	(19.3)	(2.8)	(76.7)
Total Outstanding Claims	**277.9**	**98.1**	**14.0**	**390.0**

2017	Central Estimate $m	Risk Margin $m	Indirect Claims Settlement Margin $m	Total $m
Expected Future Claims Payments (Inflated/Undiscounted)	320.8	114.8	16.3	451.9
Discount to Present Value	(49.0)	(17.5)	(2.5)	(69.0)
Total Outstanding Claims	**271.8**	**97.3**	**13.8**	**382.9**

Assumptions

SAFA used the following assumptions in the measurement of its outstanding claims.

2018	Property	Liability	Medical Malpractice	Building Indemnity
Average weighted term to settlement - Fund 1	2.12	4.47	8.51	-
Average weighted term to settlement - Fund 2	0.50	3.86	3.06	-
Average weighted term to settlement - Fund 3	-	-	-	2.87
Percentage risk margin adopted - Fund 1	21.0%	32.0%	37.0%	-
Percentage risk margin adopted - Fund 2	18.8%	23.0%	25.0%	-
Percentage risk margin adopted - Fund 3	-	-	-	26.1%
Claims handling expense	5.0%	5.0%	5.0%	8.0%
Inflation rate (includes superimposed inflation)*	-	3.0%	3.0%	-
Discount rate - Fund 1	2.2%	2.4%	2.7%	-
Discount rate - Fund 2	1.9%	2.4%	2.4%	-
Discount rate - Fund 3	-	-	-	2.2%

Note 30 Actuarial Assumptions and Methods (continued)

2017	Property	Liability	Medical Malpractice	Building Indemnity
Average weighted term to settlement - Fund 1	2.19	4.12	7.75	-
Average weighted term to settlement - Fund 2	1.00	3.86	2.19	-
Average weighted term to settlement - Fund 3	-	-	-	2.99
Percentage risk margin adopted - Fund 1	21.0%	32.0%	37.0%	-
Percentage risk margin adopted - Fund 2	18.8%	23.0%	25.0%	-
Percentage risk margin adopted - Fund 3	-	-	-	26.1%
Claims handling expense	5.0%	5.0%	5.0%	8.0%
Inflation rate (includes superimposed inflation)*	-	3.0%	3.0%	-
Discount rate - Fund 1	2.1%	2.3%	2.7%	-
Discount rate - Fund 2	2.0%	2.3%	2.1%	-
Discount rate - Fund 3	-	-	-	2.1%

* The valuation methods adopted do not have an explicit inflation assumption, although allowance is made for superimposed inflation (3%) for both Medical Malpractice and Long Tail Classes.

The overall risk margin is determined allowing for the uncertainty of the outstanding claims estimate. Uncertainty is analysed taking into account potential uncertainties relating to the actuarial models and assumptions, the quality of the underlying data used in the models, the general insurance environment, and the impact of legislative reform.

AASB1023 *General Insurance Contracts* does not prescribe a fixed risk margin or probability of sufficiency. However, it is a requirement of the Australian Prudential Regulation Authority guidelines for private sector insurers that a minimum of 75% probability of sufficiency be satisfied through the application of the risk margin. Taking into account the nature of the risks underwritten by SAFA and distributions regarded as relevant by the industry for those risks, the application of the above risk margins by class result in a 75% probability that the provision for outstanding claims will be sufficient.

Note 31 Events After the End of the Reporting Period

On 25 May 2018 Cabinet approved the South Australian Government's participation in the National Redress Scheme for Institutional Child Sexual Abuse (the Scheme) and on 6 June 2018 the Premier signed the Intergovernment Agreement confirming South Australia's participation in the Scheme. It is anticipated the Scheme will become operational within the next 12 months upon finalisation of additional Commonwealth and State legislation. In anticipation of the legislation being enacted The Treasurer on 25 June 2018 approved SAicorp (the insurance division of SAFA) administering all payments associated with South Australia's participation in the Scheme and $146.423 million was transferred to SAicorp from the Victims of Crime Fund for the purpose of paying claims under the Scheme.

SAFA South Australian Government Financing Authority

Certification of the Financial Statements

We certify that the:

- General Purpose Financial Statements for SAFA:

- are in accordance with the accounts and records of SAFA; and

- comply with relevant Treasurer's Instructions; and

- comply with relevant Australian Accounting Standards; and

- present a true and fair view of the financial position of SAFA as at 30 June 2018 and the results of its operations and cash flows for the financial year.

- Internal controls employed by SAFA for the financial year over its financial reporting and its preparation of the general purpose financial statements have been effective throughout the financial year.
